The Playground Craze

Visit

On Friday, we were fortunate to have The Playground Craze return to our school, to perform their latest program, “The Happiness Habit”. The Playground Craze are a pop and hip-hop band for primary schools.

The Playground Craze taught us how to be happy and talked about the different feelings we have. We learnt about how to be kind to each other and how to use “I” statements for example, ‘I feel ... when you ...’ We learnt some actions to do when the bell goes at school, to help us feel happy. They also told us that bullying is not okay and we should show kindness.

To finish off the performance, The Playground Craze, got us up and singing the 'Bounce Back' song, which we sang with great enthusiasm.

The Playground Craze music can be found on their website, [https://

Social and Emotional Learning for Term 2

For those familiar with our school, we will be starting our social and emotional learning differently this term, instead of doing our usual Bounce Back program, all classes will be doing an online resilience course. The course is called 'Resilience Rocks' and is put together by The Playground Craze. The lessons are based around the Bounce Back song.

Next Thursday we will commence with the first lesson, which is called 'Learning to Bounce Back'. The lesson will look at those days when things don't go the way we would like them to or you don't get what you want, how we feel about it, it asks the question can you turn a bad day into a good day and look at how we can 'bounce back'.

Please ask your child/ren about what they learnt in the lesson.

I will continue to give a report every 2nd week in the newsletter about what your child/ren have been learning.

Please ask your child's teacher if you have any questions about the lessons.

Until next time.
