# eSmart®

Smart. Safe. Responsible.

On Tuesday 21<sup>st</sup> May, we were lucky to have another visit from Leading Senior Constable Robbie Noggler. All 3 – 6 students and staff took part in the hour presentation, which focused on being e-smart (appropriate use of technology).

Robbie spoke about the dangers of technology and informed us all about existing laws that could see children as young as 10 charged for bullying - Brodie's Law.

It was a great reminder that technology when used appropriately is a fantastic tool, but students need to be aware of the risks and parents need to be aware of how their children are using technology (monitoring their online behaviours). The aim is to ensure our students are responsible digital citizens.
